Re: Protecting and Promoting the Open Internet, GN Docket No. 14-28, Connect America Fund, WC Docket No. 10-90, Developing a Unified Inter-carrier compensation Regime, CC Docket No. 01-92

Dear Mr. DelNero:

Pursuant to the Federal Communication Commission's Open Internet Order¹ Union Telephone Company (SA #330962) hereby notifies the Bureau of its intention to cease offering broadband Internet transmission service as a separate component of its broadband Internet access service effective April 1, 2017. As such, the transmission component will only be provided as part of the complete broadband Internet access service.

The FCC made clear in the Rate-of-Return Connect America Fund Order², as well as the Clarification Order³, that a rate-of-return carrier could make the offering described above, and thus the revenues associated with the broadband Internet access transmission would no longer be subject to the federal universal service fund assessment pursuant to FCC Form 499-A.

Union Telephone Company currently provides broadband Internet transmission service as a detached Title II offering. The only customer for the Company's broadband Internet transmission service is the Company's affiliate nonregulated ISP. Notice to the affiliate ISP was provided this date by interoffice memorandum that the Company will discontinue the offering of broadband Internet transmission service as a separate component of its broadband Internet access service effective April 1, 2017.

Union Telephone Company has provided a copy of this notice to the Special Assistant for Telecommunications of the Department of Defense, the Governor of Wisconsin, and the Public Service Commission of Wisconsin.

This notice is effective April 1, 2017, unless withdrawn or extended prior to that time.
